

Customizing Practice Areas

Your subscription content within IntelliConnect is organized under customizable categories called Practice Areas. These Practice Areas determine what content you see in the browse tree and what content is included when you conduct a "selected practice area" search.

To select or change your Practice Area:

1. Click Practice Areas on the Browse pane or on the Menu Bar.
2. Click + to open the main content area of interest, e.g., Tax and Accounting
3. Select the library or libraries of interest and deselect what you do not want to see.
4. Click OK.

You can select a main category containing various libraries or narrow the focus to one library. Libraries will have a number of publications and databases that you will see when you open the Browse Tree.

Practice Areas

Change Practice Area Settings

Your subscription includes the Practice Areas listed in the right column. If you do not wish to see content for a particular Practice Area, uncheck the corresponding checkbox.

Note: Content associated with an unchecked Practice Area will not be available for browsing or searching - even if the content is currently saved to your My Favorites Folder.

- Select All
- Benefits AnswersNow™
- + Business Compliance
- + Financial Services
- HRAnswersNow™
- + Health Care
- Healthcare HRAnswersNow™
- + Legal Professionals
- Scion Reference Pub
- + Tax and Accounting

Click + to expand the Practice Area
